RATIONALE

“I have come so that you might have life and have it to the full”
John 10:10

WHAT IS PASTORAL CARE?

Pastoral Care, in the context of a Catholic school, is modelled on the person of Jesus Christ, who recognised the dignity and uniqueness of each person and who, in his humanity, called people to the fullness of life.

St Clare’s aspires to achieve this fullness of living for each community member through the many dimensions of Pastoral Care. These dimensions reflect the individual and communal nature of Pastoral Care, and acknowledge spirituality as the very essence of what Pastoral Care is all about.

Pastoral Care:

- is embodied in our commitment to Justice and our preparedness to speak the truth
- is reflected in our willingness to be Loving, Forgiving and Reconciling
- is revealed in our desire to be of Service to one another
- is reflected in how each individual is enabled to find inner harmony and meaning in life.

Hence, Pastoral Care should be an expression of the reality of God’s love in our school as revealed in our commitment to building and maintaining right relationships.

Right Relationships:

- are fundamental to effective learning and teaching and genuine Pastoral Care for all-members of the community
- are those, which reflect the Gospel values of Justice, Truth, Peace, Forgiveness, Love, Reconciliation and Service to one another
- are those which honour and respect individual freedom, rights and responsibilities of all members of the community
- are an expression of our Love of God in all creation.

WHY HAVE A PASTORAL CARE POLICY?

- to enable all members of our community to achieve a fullness of living through relationships centred on the person of Jesus Christ
- to ensure that our values are borne out in our daily living
- to nurture right relationships
- to heal and strengthen fractured relationships
- to improve educational outcomes by improving the quality of relationships
- to empower each person to be optimistic in spirit and hope-filled in their outlook on life.
AIMS

St Clares Pastoral Care Policy aims:

- to honour each person as a manifestation of God’s Love by affirming, protecting and promoting the dignity and worth of all community members
- to develop a school environment in which community members feel welcome, safe, secure, respected and happy
- to promote the development of people as individuals and as individuals ‘in community’
- toward the holistic development of each individual in our community
- to affirm and support community members in their humanness as they learn and grow towards accepting responsibility for their actions
- to provide an environment that builds and nurtures quality relationships and is sensitive to personal and societal stresses
- to provide opportunities for the healing and strengthening of fractured relationships, while acknowledging the inevitability of conflict in human relationships.

IMPLEMENTATION

The Pastoral Care practices at St Clare’s have been developed in consultation with community stakeholders. The practices are based on the application of Restorative Justice principles and the principles of procedural fairness as set out in the Diocesan Statement: Pastoral Care (November 2002).

Consistent with the requirements of the Education Reform (School Discipline) Act 1995, this policy declares that corporal punishment is inappropriate and totally banned within the school. Therefore also this policy does not sanction the administering of corporal punishment by non-school persons, including parents, to enforce school discipline.

BUDGET

The Annual School Budget will contain an allocation of funds for the purpose of:

- Staff Professional Development in areas of Restorative Justice, Restorative Practices and Class Room Management Strategies; Mentoring; Supporting Students with Special Needs etc.
- Supporting community members in need
- Conducting retreat and Pastoral Care/Reflection Days
- Purchasing necessary resources
- Conducting special programs for students and parents (e.g.) Seasons for Growth; Self-Defence Workshops; Drug & Alcohol Workshops, S.T.E.P-Teen, Rock and Water Program etc.
- Providing outreach support to families in need, especially those in crisis situations.
EVALUATION

WHEN?

St Clare’s Pastoral Care Policy shall be clearly documented and reviewed regularly.

BY WHOM?

Community members will be consulted in assessing the effectiveness of the policy, and in making amendments to it.

HOW?

The policy shall be assessed in the light of its effectiveness in promoting and achieving the school’s vision, the provisions of the Diocesan Policy Statement: Pastoral Care (November 2002) and for consistency with the Principles of Restorative Justice and Procedural Fairness.

The Policy will be evaluated by community stakeholders:

- at staff, P & F, and SRC meetings
- by surveying
- through informal discussion and general feedback
- by other means deemed appropriate

THE MERIT SYSTEM

A significant component of positive relationships is affirmation. Humans need to know they are loveable and that others appreciate them for their particular qualities. The Merit system is a process that allows individuals to be affirmed publicly for their character, behaviours and actions.

MERIT AWARDS

CRITERIA

To be considered for a Merit Award students should:

- participate in all varieties of class and school activities, and/or
- consistently do their best in lessons while setting high standards of behaviour, and/or
- show improved effort in class work, assignments, or classroom behaviour
- produce work of a high standard
- demonstrate qualities of good citizenship
- actively live out Gospel values

STUDENT COORDINATOR’S AWARDS

Student Coordinator’s Awards are given to students who have collected five or more Merit Awards. Students are responsible for collecting their Merit Awards and taking them to their Student Coordinators. The Student Coordinators then stamp the Merit Awards, give the student’s name to Teacher Support Staff in order to prepare the certificate, and then return the Merit Awards to the student. The Teacher Support Staff then prepare the Award which is to be presented to the student at the next available Year Meeting. The Student Coordinator records name on Data Base.

CRITERIA

To be considered for a Student Coordinator’s Award:

- Students must have collected five Merit Awards
- A maximum of three Merit Awards from the same subject is allowed
SUBJECT AWARDS

Subject Awards are to be given to students who achieve academic excellence in a subject during each Semester. They are to be presented at the end of Semester Ceremonies.

Recognition of Academic Achievement will involve the award of a certificate to a maximum 10% of students in each subject.

Certificates are to be awarded to the:

"1st in (subject)" - "2nd in (subject)" - "3rd in (subject)" only
or the "top" 3 students only in each subject who qualify for "Excellence in (subject)"

When across-the-form/subject assessment is conducted awards, are to be allocated on this basis.

When individual classes are assessed 1st, 2nd, …(or "Excellence…") are to be allocated to a maximum 10% of the class.

Further certificates (up to the maximum 10%) can be awarded to students, beyond the "top" 3 in each subject who deserve recognition. This is to be acknowledged as: “Merit in (Subject)"

A student's award is to be summarised on a single certificate:

All of the above awards will be acknowledged at the Affirmation/Awards Ceremony.

* For consistency please record the award using the terminology above.

RESTORATIVE ACTION PROCEDURES

Restorative Action in this context is how teachers respond to student behaviours that cause a fracture in the relationship between the student and the teacher. The underlying belief is that all learning is based upon relationship and that effective learning can only take place when right relationship exists. Procedural fairness demands that both parties to a dispute have a right to be heard and the right of appeal, these rights will be protected by the relevant Student Coordinator or relevant Studies Coordinator. In order to restore relationship both parties need to take account of the issues contributing to the breakdown. This will require both parties to reflect upon the events and at the appropriate time discuss these in a conference setting, with a view to reconciliation. Restorative justice is about growth for the individuals involved and this can only happen if human dignity is respected.

LEVELS OF RELATIONSHIP BREAKDOWN

Classroom/Playground Management

These responses are chosen to give the student and the teacher an opportunity to address the situation in the least intrusive manner.

The following list is a guide only:

- Littering
- Lack of care in movement in stairwells, corridors, classes etc.
- Swinging on chairs
- Lack of respect for the physical environment
- Lack of care with property
- Coarse Language
- Lateness
- Lack of equipment
- Lack of Diary
- Lack of respect for self, others and the community
- Homework incomplete/not done
- Undermining the positive environment of the classroom
- Undermining the personal worth of others
- Off-task behaviour
- Eating/chewing in classroom
- Movement around the room without permission
- Three uniform infringements

Responses at this stage should include a range of the following:

- Non-verbal responses: e.g. eye-contact
  - facial expression
  - body language
- One-way verbal e.g. teacher redirection
- Two-way verbal e.g. ask student to reflect on their actions
- Written communication with parents via the diary
- Seating plan
- Time out – with another teacher by arrangement
- School/playground clean-up
- In class detention - lunch - classroom teacher responsible
Classroom misbehaviour Issues

Teachers should reflect on the following issues and possibly review their own performance.

- Pedagogy
- Flexibility in content and presentation
- Student centred learning
- Teaching methods and style taking into account multiple learning styles.
- Organisation
- Profession dialogue, peer ideas
- Relationship with students

APPLICATION OF BEHAVIOUR MODIFICATION STRATEGIES

The application of specific modification procedures will be determined in consultation with the relevant Student Coordinator. Recommendations from individual teachers will be considered as will those of Studies Coordinators. However, the Student Coordinator’s wider knowledge of the individual student’s situation and their responsibility to uphold the principles of Procedural Fairness will take precedence in the application of the following sanctions. When required the Assistant Principal or Principal will make a determination.

Procedural Fairness

Procedural fairness is a basic right of all individuals dealing with authorities. All communities have a legitimate expectation that all school and system personnel will follow these principles in all circumstances.

Procedural Fairness is generally recognised as having two essential elements:

1. The right to be heard which includes:

   - The right to know why the action is happening
   - The right to know the way in which the issues will be determined
   - The right to know the allegations in the matter and any other information that will be taken into account
   - The right of the person against whom the allegations have been made to respond to the allegations
   - The right to an appeal

2. The right of a person to an impartial decision that includes:

   - The right to impartiality in the investigation and decision-making phases
   - The right to an absence of bias in the decision maker
Low Zone Behaviour Modification

Unacceptable behaviours (a guide only):

- pattern of unsatisfactory response to classroom/playground management strategies
- unexplained absence from class
- unexplained consistent lateness to school
- harassment of others
- chewing gum
- use of white-out,
- possession of aerosol cans or pump spray deodorants
- leaving school grounds without permission
- throwing of food
- abuse of mobile phone privileges

Responses at this stage should include:

Written referral to Student Coordinator from the teacher and/or the Studies Coordinator. In the case of a classroom behaviour issue the Studies Coordinator must interview the student in accordance with the principals of procedural fairness before any recommendation is put forward.

- Communication with parents/guardians by the relevant Coordinator detailing behaviours, consequences and avenues of appeal. This may be in the form of a letter or a phone call, at the discretion of the relevant coordinator.

  Parent/Guardian

  Student Coordinator

- Student Coordinator to enter details on the database.

- Students will attend one lunchtime detention and complete the reflection sheet 1. Following this detention best practice restorative justice involves a meeting between the teacher who recommended the detention and the student. The purpose is to ensure that a genuine effort has been made to mend the fractured relationship. The basis for discussion should be the reflection sheet completed by the student

Alternative responses may include:

Withdrawal from class/playground depending on the situation, to the relevant Coordinator. This allows for time out to diffuse a volatile situation, time for reflection and/or time for counselling.
Medium Zone Behaviour Modification

Unacceptable behaviours (a guide only):

- pattern of repetition of low zone behaviours
- bullying/harassment/abuse of others
- serious damage to property
- serious misbehaviour at public or extra-curricular activities
- abuse of internet

Responses at this stage must include:

- Written referral to Student Coordinator from the teacher and/or the Studies Coordinator. In the case of a classroom behaviour issue the Studies Coordinator must interview the student in accordance with the principals of procedural fairness before any recommendation is put forward.

- Written communication with parents/guardians detailing behaviour/s, consequences and avenues of appeal. This is to be signed by the teacher involved, the relevant Coordinator and the Assistant Principal.

  ![Parent/Guardian](2 copies)
  ![Student Coordinator]

- Student Coordinator to enter details on the database.

- Mentoring team - during PC time students attend mentoring meeting with Student Coordinator/ Studies Coordinator to discuss/review student’s progress.

- Students will attend three lunchtime detentions and complete three sequential reflection sheets. Following these detentions, best practice restorative justice involves a meeting between the teacher who recommended the detention and the student. The purpose is to ensure that a genuine effort has been made to mend the fractured relationship. The basis for discussion should be the reflection sheets completed by the student.

- Special Needs students who have difficulty with literacy are not expected to complete the Reflection Sheet. However, the Student Coordinator will discuss the question with those students before processing the Zone Notification.

- Where the behaviour is subject related, the student is placed on a subject monitoring card in order to provide a management record. This will be maintained by the Studies Coordinator and forwarded to the Student Coordinator at the completion of Day 10 to enable details be entered onto the Data Base. Unsatisfactory progress may result in the repetition of this process for a second cycle.

Alternative responses may include:

- Withdrawal from class/playground depending on the situation, to the relevant coordinator. This allows for time out to diffuse a volatile situation, time for reflection and/or time for counselling.

- Loss of privileges.
High Zone Behaviour Modification

Unacceptable behaviours (a guide only):

- persistent medium zone behaviour
- two cycles of unsatisfactory progress on the subject monitoring card

**Responses at this stage may also include:**

- Withdrawal from class and playground

SERIOUS OFFENCES

The Catholic Schools Office proposes that serious offence should be defined as activity or behaviour that:

- seriously undermines the ethos of the Catholic school; or
- consistently and deliberately fails to comply with any lawful order of a Principal or teacher; or
- is offensive, or dangerous, to the physical and/or emotional health of any staff member or student; or
- consistently and deliberately interferes with the educational opportunities of other students.

NOTE

Some serious offences are by their nature criminal offences. Schools are obliged to observe legal requirements in such cases. For further information and guidance, refer to:

Child Protection:
- Policy, (1999)

The St Clare’s Pastoral Care Policy is based upon, and reflects, the Diocesan Pastoral Care Policy. Hence for serious offences this may require the suspension or expulsion of a student in accordance with the principles of procedural fairness as set out in the Diocesan Policy Statement – Pastoral Care November 2002

SUSPENSION

Suspension means a temporary withdrawal of a student’s right to participation in and attendance at regular school activities. The length of time of suspension will vary depending on the nature of the incident and the purpose of the suspension.

It is a serious disciplinary measure and should only be used when other disciplinary measures have not produced a satisfactory outcome. The decision to suspend a student is to be made by the Principal or their delegated authority.

In normal circumstances suspension is subject to the following guidelines, however, it is recognised that on occasion an immediate suspension* may have to be imposed:

- That appropriate welfare strategies and discipline options have been applied and documented.
- That appropriate support personnel available within the school and system and externally have been involved.
- That discussion has occurred, prior to suspension, with the student and parent/caregiver regarding specific unacceptable behaviour.
- That records of all discussion and action have been taken.
- That appropriate communication processes are in place, including with the student and the student’s parent/guardian.
- A student must not be sent home before the end of the school day until parent/s/guardian/s have been informed, and if necessary, agreement reached about arrangements for the collection of the student from the school.
3.1.1 Immediate Suspension*

In some circumstances the Principal may determine that a student should be suspended immediately. This will usually be due to reasons such as

i) the safety of students or staff because of unacceptable behaviour, harassment, violence, or threats of violence.
ii) the presence of knives and/or other weapons or
iii) the presence of illegal drugs

Any student who is violent or threatens serious physical violence against another student or teacher or behaves in unacceptable ways, including any form of harassment against other students or teachers, is to be suspended immediately.

Any student, who is in possession of a suspected illegal drug, is to be suspended immediately. Principals must contact their school Consultant to inform them of the incident and discuss with them whether the matter is serious enough to be reported to Police.

Any student, who is in possession of a knife or threatening to use any item or instrument as a weapon, is to be suspended immediately. Principals must contact their school Consultant to inform them of the incident and discuss with them whether the matter is serious enough to be reported to Police.

3.1.2 Short Suspension

Short Suspension may be served by the student at school during school hours (internal suspension) or out of school (external suspension). A principal may impose a short suspension of up to and including (4) school days.

Short Internal Suspension

• The Principal or their delegated authority may suspend a student, in accordance with the school’s Pastoral Care Procedures.

• A meeting to resolve the suspension, with the student and parent/caregiver, must be convened by the Principal or their delegated authority at the earliest opportunity. Parents have the right to a support person acceptable to both Principal and parent (eg. Aboriginal Education Worker, Special Education Adviser, Counsellor). Students should not be interviewed alone in relation to suspension issues.

• Where possible, a Principal or delegated authority must have a support person present during all meetings.

• During this meeting, appropriate pastoral care strategies will be discussed to assist the student. These may include the development of a contract indicating expectations regarding the student’s behaviour, specific scheduling or timetabling, and monitoring of student behaviour. The consequences of continued unacceptable behaviour needs to be determined and clearly communicated to student and parents.

• If the unacceptable behaviour persists after two short suspensions, a longer suspension must be considered.
• The details of the suspension must be recorded with all relevant documentation retained on file at the school.

• Record keeping and access will be consistent with the Catholic Schools Office Privacy Policy 2001 and Schools Records - Keeping & Maintaining Policy 2002.

3.1.3 Long Suspension

• If short suspensions have not resolved the problem, or the misbehaviour is so serious as to warrant a long suspension, the Principal may impose a long suspension of up to and including twenty (20) school days. The school’s Consultant must be advised of the suspension including its duration. Given the seriousness of long suspension, particular emphasis must be given to procedural fairness issues.

• A formal disciplinary interview must be held with the student prior to making the decision to suspend. Principals must ensure that the student knows what the suspension is for, and that the student has an appropriate person present at the interview. The main issues of the interview must be recorded. Where a report from the school Counsellor is available, it may be used for this interview.

• A meeting to resolve the suspension, with the student and parent/caregiver, must be convened by the Principal at the earliest opportunity. Parents have the right to a support person acceptable to both Principal and parent (eg. Aboriginal Education Worker, Special Education Adviser, Counsellor).

• Where possible, a Principal must have a support person present during all meetings.

• During this meeting, appropriate pastoral care strategies will be discussed to assist the student upon their return to school. There may include the development of a contract indicating expectations regarding the student’s behaviour, specific scheduling or timetabling, and monitoring of student behaviour.

• The further consequences of continued unacceptable behaviour need to be determined and clearly communicated to the student and the student’s parents.

• Record keeping and access will be consistent with Catholic Schools Office Privacy Policy 2001 and School Records - Keeping and Maintaining Policy 2002.
3.1.4 Deciding on, Notifying and Resolving a Suspension

3.1.4.1 Decision

i) The decision to suspend must be taken by the Principal, or in the Principal’s absence, the acting Principal.

ii) The Principal must inform the student of the precise grounds on which suspension is being considered. The student must be given the opportunity to respond. The student’s response must be considered before a decision to suspend is made.

3.1.4.2 Notification

i) A student will not be sent out of the school before the end of the school day without notification being made to the parent/caregiver, and if necessary, agreement reached about arrangements for the collection of the student from school.

ii) Notification of suspension must be made to parents/caregivers in writing.

iii) In all cases, it is desirable that the notification includes:
- notice of the suspension
- the date and probable duration of the suspension
- the reasons for the suspension
- a program of work, provided by the school, for the student to continue their studies while suspended
- the importance of parental assistance in resolving the matter

iv) The Principal must inform relevant/appropriate staff, and the school’s Consultant.

v) If consideration is being given to proceeding to expulsion from the school, the notification of suspension should make this intention plain.

3.1.4.3 Resolution

i) The Principal must convene a suspension resolution meeting, to facilitate the student’s return to school, of personnel involved in the welfare and guidance of the school, including the parents/caregivers, school Counsellor.

ii) If parents/caregivers are unable or unwilling to attend a meeting, the Principal should consider the individual merits of the case and attempt to ensure that the student is back at school on or before the concluding date of the suspension period.

iii) All meetings and interviews are to be recorded with the documentation retained on file at the school.
3.2 Expulsion

Expulsion means total exclusion of a student from attendance at the school of enrolment within the diocese of Maitland-Newcastle.

Expulsion is an extreme disciplinary step reserved for cases of gross misconduct, extremely grave breaches of school rules and behaviour that is persistently disruptive and/or dangerous.

In normal circumstances expulsion is subject to the following guidelines, however, it is recognised that, in very limited circumstances of the most serious kind, an immediate expulsion may have to be imposed.

Expulsion is a sanction to be applied as a last resort when other disciplinary measures, including suspension, have not produced a satisfactory outcome. In deciding to expel a student, careful consideration must be given to the welfare of the student and to the overall good and/or safety of the school community.

The Principal should ensure, except as a result of a most serious incident, that all appropriate welfare strategies and discipline options have been implemented and documented, prior to expelling a student from the school because of misbehaviour.

Prior to making a decision to expel, the student must receive at least one formal written warning that such action is being considered.

3.2.1 Deciding on and Notifying an Expulsion

3.2.1.1 Decision

i) The decision to expel must only be made by the Principal.

ii) The Principal must inform the student and the school’s Assistant Director of the precise grounds on which expulsion is being recommended.

iii) The student must be given the opportunity to respond. The student’s response must be considered before a decision to expel is made.

iv) Prior to a decision being made to expel a student, the Principal must seek advice from relevant and appropriate personnel, e.g. Parish Priest where relevant, school’s Counsellor, school’s Assistant Director.

v) If the student is under 15 years of age, the Principal will explore enrolment alternatives with the school’s Assistant Director prior to finalising the expulsion.
3.2.1.2 Notification

Having reached a decision to expel a student from the school, the following steps must be put in place:

i) A student will not be sent out of the school before the end of the school day without notification being made to the parent/caregiver, and if necessary, agreement reached about arrangements for the collection of the student from school.

ii) Notification of expulsion must be made to parents/caregivers in writing. In all cases, the notification must include:

- Notification of the expulsion. This formal advice should also state the student’s/parent’s right to appeal the decision and the appropriate procedures for submitting an appeal.
- The reasons for the expulsion.

iii) The Principal must inform relevant/appropriate staff, the school’s Assistant Director and where warranted, the student’s Parish Priest.

iv) The Principal should assist the student to find suitable alternative placement in another Catholic school if appropriate, particularly where the student is under 15 years of age.

v) Documentation of all steps involved and record of any interview/correspondence must be completed.

vi) Having completed the action outlined above, the Principal must forward a copy of all documentation related to the incident and subsequent expulsion to the Director of Schools, Catholic Schools Office.

Right of Appeal

Students and parents/caregivers, who consider that correct procedures have not been followed, or that an unfair decision has been made, may appeal.

- The student’s parents have a right to appeal against a notification of expulsion within five (5) working days of the action.
- This appeal is made in writing to the Director of Schools stating the grounds on which the appeal is being made.
- In hearing an appeal, the Director of Schools will be assisted by a Principal and a school Counsellor.
- Following an unsuccessful appeal, the student’s parents have the right of appeal to the Bishop, Maitland-Newcastle Diocese, within thirty days. The Bishop or his appointee may appoint an appropriate person to hear appeals.
Procedural Fairness

Procedural fairness is a basic right of all individuals dealing with authorities. All communities have a legitimate expectation that all school and system personnel will follow these principles in all circumstances, especially when dealing with suspensions and expulsions.

Procedural Fairness is generally recognised as having two essential elements:

1. The right to be heard which includes:
   - The right to know why the action is happening
   - The right to know the way in which the issues will be determined
   - The right to know the allegations in the matter and any other information that will be taken into account
   - The right of the person against whom the allegations have been made to respond to the allegations
   - The right to an appeal

2. The right of a person to an impartial decision that includes:
   - The right to impartiality in the investigation and decision-making phases
   - The right to an absence of bias in the decision maker.

As part of ensuring the right to be heard, the Principal should establish if parents/caregivers require an interpreter and if so, make arrangements for one to be available.

The Principal should also ensure that students and parents/caregivers have access to policies and procedures under which action is being taken.

While it is generally preferable for the functions of investigating and decision-making be carried out by different people, in the school setting this may not always be possible.

If the Principal is conducting both the investigative and decision making stages, he or she must be reasonable and objective. Ultimately, the Principal must act justly and be seen to act justly. While it is difficult to combine the roles of investigator and adjudicator, it is acceptable to do so given the nature of the Principal’s responsibilities. Nevertheless, it is always preferable to have another appropriate person, such as the Assistant Principal, carry out the investigation, if possible.

Note: For serious offences students must never be interviewed alone.

The availability of a line of appeal adds to the fairness of the process and offers a check in case there is a perception of a conflict of interest.

Restorative Justice Conference

After suspension the returning student will enter into a post suspension conference process. The people affected by the behaviour should preferably be involved. The parents are invited to participate along with those impacted by the poor behaviour. The purpose of the conference being to have the offender appreciate, at an emotional level, the affect of their actions upon others and to reflect on alternative responses they could have made. To assist the returning process the student will be placed on a 10 day monitoring card. This will include daily mentoring with the Student Welfare Coordinator.

Four (4) unsatisfactory ratings will result in the maintenance of the monitoring card for a further ten-day cycle.
RATIONALE FOR A SCHOOL UNIFORM POLICY

The Catholic school endeavours to provide an experience of high quality interpersonal relationships of care and support. As a result the culture of the school needs to be respectful of the individual, a safe and secure environment and one that is healthy allowing students to become discerning self-disciplined and contributing members of society.

Therefore, the wearing of regulation school uniform and wearing it correctly are signs of self respect and respect for others in the school community. It is a symbol of community membership, common purpose and beliefs. In terms of safety, the uniform provides for modesty, identity and is protective in the daily school environment.

The uniform sets boundaries and parameters for dress and personal presentation. The setting of such boundaries and students compliance with them are important in developing self-discipline, perspective and balance in life and a sense of right and wrong.

SCHOOL UNIFORM REQUIREMENTS

Students are required to wear the correct uniform as outlined in the Student/Parent Handbook. If they cannot wear the full uniform a note of explanation from parents must be given to the Student Coordinator. This should have the date and parent's signature. Dear Parent/Guardian

First notification of failure to attend sport

Participation in sport provides the opportunity for students to discover and develop their own potential, to develop those abilities with which each has been blessed. Sport in the fullest sense, can direct young people through formative years toward responsible citizenship, whereby they can effectively contribute to society.

Sport is an integral part of the NSW Board of Studies Curriculum and as such attendance at Sport in this school is a requirement for successful completion of Stages 4 and 5.

Your son/daughter has attended non-sport class without explanation once. This situation is not ideal and cannot continue.

Could you please assist by ensuring that your son/daughter comes to school with the necessary equipment and money for their chosen activity.

Please sign and return the notification slip to the office. All notifications will be kept on your student’s file for future reference.
