UAC Message – Live Stream - Do you want to study at university in 2022?

31 March

If you're hoping to study at university in 2022 you should join our live stream with UAC's General Manager of Marketing and Engagement, Kim Paino..

Kim will be going live on Facebook and Instagram on Wednesday, 31 March, to give you key dates and insights about applying. You can also ask her questions about entry schemes, scholarships, and anything else related to university entry. You don't need to register for the live event. Head to our [Facebook](#) or [Instagram](#) page at 5:00 pm on Wednesday 31 March, and the live stream will appear on our Facebook profile or Instagram story.

If you'd like to receive a notification when we go live, click attending on the '[2022 Uni Entry](#)' event page on Facebook.

To keep receiving updates on our live events, follow our Facebook and Instagram page, and sign up for our Parent Updates.

The 2021 UAC Guide is also available for download on the UAC website from 31 March. We'll send schools hard copies at the start of Term 2.

UAC Upcoming events:

Ask us anything Instagram Q&A – all day Tuesday 6 April.

Career Advice Instagram Q&A with Careers Advisor Charles Impey – 4pm 19 April.

University of Sydney Year 10 Information Evenings

Tuesday 20 April

Tuesday 4 May

Thursday 6 May (online)

Join us either on campus or online to discover your options at the University of Sydney. Get your questions answered about subject selection, scaling, pre-requisites and assumed knowledge and hear all about university life.

<https://www.sydney.edu.au/study/events-for-prospective-students/undergraduate.html?tc=edm|stud|mc-student|edu-staff-hss|%20|>

University of Sydney Year 12 Information Evening

Tuesday 18 May

Join us on campus to find out more about our undergraduate course options, admission pathways, scholarships and more. Hear from current students about their university experiences and discover why we're 1st in Australia and 4th in the world for graduate employability.^

<https://www.sydney.edu.au/study/events-for-prospective-students/undergraduate.html?tc=edm|stud|mc-student|edu-staff-hss|%20|>

UNSW Year 10 Subject Selection and Information Evenings

22 April. 6pm

28 April. 6pm

12 May. 6pm

Get advice and information that's specially tailored for Year 10 students, that will help you navigate the HSC subject selection process, explain how UNSW admissions and scholarship applications work, and give you an insight into university life so that you can get a head start on planning your future.

Parents and teachers of Year 10 students are invited to join the evening as well as participate in the live Q&A session.

[More details here.](#)

Experience UNSW Day – Arts, Design and Architecture

13 April. 10am to 2.30pm

Experience firsthand how our students push the ways we think about people, place and culture turning creativity and critical thinking into inspired careers. Join the Arts, Design & Architecture stream of the Experience UNSW Day.

We invite Year 12 students to join us on campus and get hands-on as a uni student for a day. Choose workshops based on your interests and passions, be inspired by our leading academics, hear from current students and get all your questions answered as you discover the exciting degree and student life opportunities on offer at UNSW.

Spaces for each workshop are strictly limited so register now to avoid missing out. Many morning workshops will repeat in the afternoon, so please select different workshops for each session. To ensure you know where to go on the day, we recommend you note down which workshops you registered for.

[More details here.](#)

Experience UNSW Day – Business

15 April. 10am to 2.30pm

Are you ready to drive change and shape a better future through a career in Business? Find out what life as a UNSW Business School student is really like and where it can take you by joining the business stream of our Experience UNSW Day.

We invite Year 12 students to join us on campus and get hands on as a uni student for a day. Choose workshops based on your interests and passions, be inspired by our leading academics, hear from current students and get all your questions answered as you discover the exciting degree and student life opportunities on offer at UNSW.

Spaces for each workshop are strictly limited so register now to avoid missing out. Morning workshops will repeat in the afternoon, so please select different workshops for each session.

[More details here.](#)

Experience UNSW Day – Engineering

14 April. 10am to 2.30pm

Experience firsthand the innovative and creative ways that engineers solve real-world challenges through the engineering stream of the Experience UNSW Day!

We invite Year 12 students to join us on campus and get hands on as a uni student for a day. Choose workshops based on your interests and passions, be inspired by our leading academics, hear from current students and get all your questions answered as you discover the exciting degree and student life opportunities on offer at UNSW.

Spaces for each workshop are strictly limited so register now to avoid missing out. Many morning workshops will repeat in the afternoon, so please select different workshops for each session.

Experience UNSW Day – Law and Justice

14 April. 10am to 2.30pm

What do music festivals, artificial intelligence, urban farming and social media all have in common? They are all key areas of study in the field of Law & Justice which reaches into every part of life and impacts society in ways you might not have realised! Experience firsthand UNSW Law & Justice workshops and our seminar-style approach to get a taste of how our students learn to think analytically, critically and carefully with 'justice for all' at their heart.

We invite Year 12 students to join us on campus and get hands-on as a uni student for a day. Choose workshops based on your interests and passions, be inspired by our leading academics, hear from current students and get all your questions answered as you discover the exciting degree and student life opportunities on offer at UNSW.

Spaces for each workshop are strictly limited so register now to avoid missing out. Many morning workshops will repeat in the afternoon, so please select different workshops for each session.

[More details here.](#)

Experience UNSW Day – Medicine & Health

15 April. 10am to 2.30pm

Are you passionate about the future of health and how we can improve life for all? Experience our collaborative community through the medicine and health stream of the Experience UNSW Day!

We invite Year 12 students to join us on campus and get hands on as a uni student for a day. Choose workshops based on your interests and passions, be inspired by our leading academics, hear from current

students and get all your questions answered as you discover the exciting degree and student life opportunities on offer at UNSW.

Spaces for each workshop are strictly limited so register now to avoid missing out. Many morning workshops will repeat in the afternoon, so please select different workshops for each session.

[More details here.](#)

Experience UNSW Day – Science

Experience firsthand what it is like conducting research and experiments in the lab and field as we inspire your curiosity through the science stream of the Experience UNSW Day!

We invite Year 12 students to join us on campus and get hands-on as a uni student for a day. Choose workshops based on your interests and passions, be inspired by our leading academics, hear from current students and get all your questions answered as you discover the exciting degree and student life opportunities on offer at UNSW.

Discover what computing science at UTS is all about

3 May 2021. 5.30pm

With an emphasis on next-generation technologies, computer scientists solve deep problems in computing. They theorise, design, develop and apply computing and software for advanced programs.

Register today for our live webinar to gain an insight into what computing science is all about and find out if it's right for you. Hear from key academics about what it's like to study computing science at UTS and how best to prepare.

There will also be a Q&A session where you can have your questions answered live.

<https://www.uts.edu.au/about/faculty-engineering-and-information-technology/webinars-demand/it-undergraduate-students/intro-computing-science-uts>

Discover what games development at UTS is all about

5 May 2021. 5.30pm

Evolving technology is changing the face of the interactive entertainment industry. Today's games are sophisticated computer programs that often connect thousands of players through virtual worlds and consist of detailed 3D graphics, realistic physics and complex artificial intelligence.

Register today for our live webinar to gain an insight into what games development is all about and find out if it's right for you. Hear from key academics about what it's like to study games development at UTS and how best to prepare. There will also be a Q&A session where you can have your questions answered live.

<https://www.uts.edu.au/about/faculty-engineering-and-information-technology/webinars-demand/it-undergraduate-students/intro-games-development-uts>

Discover what Data Engineering at UTS is all about

11 May 2021. 5.30pm

Learn how Data Engineers create and manage secure cyber-physical systems and infrastructure to service the ever-growing demands of our computer-driven data-centric society.

Register today for our live webinar to gain an insight into what Data Engineering is all about and find out if it's right for you. Hear from key academics about what it's like to study Data Engineering at UTS and how best to prepare.

There will also be a Q&A session where you can have your questions answered live.

10 differences between high school and university

Uni is a whole different ride to high school. The transition can be rough: you're going from thirteen years of being told when and how to learn, to being thrown into a completely independent environment where it's up to you to get anything done. Aside from not having to ask to go to the bathroom, there's a tonne of differences between uni and high school.

<https://year13.com.au/articles/differences-uni-high-school>

Register your interest Western Sydney University Free HSC Study

Our free HSC Study Sessions are led by highly qualified and experienced educators who will give you the skills and knowledge to maximise your HSC results.

Each workshop is an invaluable addition to your school studies, as you will develop a solid understanding of HSC exam techniques, subject knowledge, and HSC preparation skills.

Register your interest below and we'll be in touch with more information closer to the event.

<https://www.westernsydney.edu.au/future/student-life/events/free-hsc-study-sessions.html>

ANU 2022 - Changes to direct application admissions for 2022

Due to the disruptions caused by COVID-19, we have adapted our admissions process for undergraduate study at ANU in 2022.

We will make offers based on Year 11 results on 9 August 2021, and these will be honoured for study in 2022 as long as students have completed Year 12 with an ATAR.

Learn more about these changes and how it may affect your application, the co-curriculars and service requirement, or program pre-requisites in our [admissions FAQs](#)

These changes do not apply to non-school leavers and/or those who did not study an Australian Year 12 or International Baccalaureate (November Session) program. The information on this page is related to study in 2022. Read in full here:

<https://www.anu.edu.au/study/apply/domestic-applications-anu-undergraduate/applying-to-anu-application-details/changes-to>

Southern Cross University Virtual Campus Tours

Our campus tours allow you to experience university life from labs to equipment, gym, bookshop, cafes, lecture halls and on-campus accommodation.

Southern Cross University's main campuses are located at the Gold Coast, Lismore and Coffs Harbour, with branch campuses in Coomera, Sydney, Melbourne and Perth. Southern Cross also operates The Hotel School in Sydney, Melbourne and Brisbane, in partnership with Mulpha Australia.

Take a virtual tour of our campuses:

<https://www.scu.edu.au/study-at-scu/why-scu/student-life-and-support/campus-tours/>

University of Canberra Alternative Entry

UC offers a number of entry initiatives that give applicants the opportunity to gain entry via alternative admissions schemes. Our entry schemes are offered to both applicants who are currently studying in school and those who may have been out of study for some time.

Early Offer Round (COVID-19) UC will be facilitating a special Early Offer Round in August 2020 for Year 12 students being impacted by COVID-19. The special Early Offer Round will be based on the principles of the Schools Recommendation Scheme. [Further information](#).

Adjustment factors are available to a range of eligible undergraduate students and are points that are added to your Australian Tertiary Admission Rank (ATAR) or entry rank to give you an adjusted entry score. UC offers three types of adjustment factors: Subject adjustments, Educational Access Scheme (EAS) and University Priority Groups.

The Schools Recommendation Scheme (SRS) is available to current Year 12 students and provides an opportunity to secure an offer to a UC undergraduate course if recommended by their school.

Portfolio entry is offered by the Faculty of Arts and Design (FAD) for all applicants seeking entry to an undergraduate FAD course.

Fast Forward is an early offer scheme which allows currently enrolled Year 11 students from specified Australian schools and states to apply and receive conditional offers for admission to nominated UC courses.

Special consideration is available to all applicants to UC who have experienced circumstances that have impacted or disadvantaged their previous study who do not meet the criteria to receive bonus points.

<https://www.canberra.edu.au/future-students/apply-now/alternative-entry>

UTS Law First Year Peer Mentoring Program

Run in conjunction with the UTS Law Students' Society, this program is tailored to ease your transition into UTS Law. It provides a great medium for you to connect with your peers and senior law students, as well as an opportunity to develop your legal study skills.

Each mentor group is led by senior year UTS Law students who volunteer their time to share their experiences and offer helpful advice to new students settling into the study of law. All mentors receive training provided by the Faculty of Law. Mentors work in pairs and run hour-long sessions over the first six weeks of each session.

This program is available to all first year undergraduate and Juris Doctor students, including part-time and international students.

<https://www.uts.edu.au/current-students/current-students-information-faculty-law/student-support-and-mentoring>

UTS - Year 12 students - 2022 Bachelor of Accounting Information Webinar

Wed 12 May 2021 6-7pm

The UTS Bachelor of Accounting has the aim of producing potential business leaders of the future via an accounting career.

The main benefits to students who are selected into the Bachelor of Accounting are a tax-free scholarship valued at \$54,000, a year of full-time work training, and great career prospects with the major employers who support the course. No BAcc graduate has ever missed out on a job, and these job offers are generally made by April of the students' third and final year of study. That might be only 3 years away from where you are now.

Other key benefits of this program, that set it apart from cadetships or other co-op courses, are that it takes only 3 years to complete and that students in the course study, work and play together as a close group of friends throughout that time. Email carin.alberts@uts.edu.au

<https://www.uts.edu.au/about/uts-business-school/what-we-do/upcoming-events-and-info-sessions/undergraduate/bachelor-accounting-bacc-uts>

UOW Parents Newsletter

Starting in April 2021, UOW will be sending distributing a newsletter specifically for parents/guardians of year 12 students. The newsletter will keep parents in the loop of important dates, define terms & jargon, invite to events & info sessions and provide answers to frequently asked questions. To subscribe, parents should head to this link and identify as 'parent' in the form.

http://bit.ly/uow_news

Students - Register Their Interest with ACU

Are you considering ACU? In light of current social distancing restrictions, students are interacting with universities online. We encourage your students to stay up-to-date with important dates, events and information by providing their contact details here:

<https://www.acu.edu.au/study-at-acu/register-your-interest>

Monash Information Evening - Albury

Thursday 20th May, 2021. 6.30 – 8pm AEST

The Albury Club, 519 Kiewa St, Albury NSW 2640

We know that choosing a university is a big decision. Get all your questions answered at our information evening.

At our information sessions, you'll learn about what it's like to study at Monash. Find out about our range of courses, accommodation options, scholarships, student life and so much more! You'll also have the opportunity to hear from a current student or graduate about where their Monash degree has led them.

<https://www.monash.edu/y12hub/events-calendar/articles/monash-information-evening-albury>

No Testing Required for 2021-22 US University Admissions

This is great news for year 12 students who may not have left enough time to sit or re-sit the SAT or ACT and who are interested in studying in the US!

US university application requirements for current year 12 students changed due to the pandemic. For the second consecutive year, most US universities will not require students to submit an SAT or ACT test result as part of the application process. Although there are a few institutions for which this does not apply, this is a giant step in the world of admissions.

Universities are still able to gain a solid understanding of an applicant without the test scores due to the holistic admission process. University admission teams will put further emphasis on the other required components of the application such as an applicant's courses and earned marks (transcripts) dating back to year nine. Admission teams may also review the letters of recommendation through a new lens, as they strive to learn more about the applicant as an individual. As in the past, the personal statement will continue to be the sole place an applicant can determine what they want to convey to the admission team. For this reason, perhaps more significant time and reflection is required in crafting the personal statement.

<https://www.internationaleducated.com.au/post/no-testing-required-for-2021-22-us-university-admissions>

College Board eliminates SAT Subject Tests and optional SAT essay

The College Board has announced they will eliminate the SAT Subject Tests and the SAT optional written essay. This means these two components will no longer be recommended nor required from individual US universities when applying for admission.

This is great news as it frees up time and is one less requirement students needed in the holistic admission process to US universities. Due to the pandemic many US universities have moved to test-optional meaning the SAT or ACT test results are not required in applying for admission.

The last of the Subject Tests will be offered in May and June 2021 at international testing centres only. Students who have already registered for the Subject Tests in May and June may either sit the tests as scheduled or contact the College Board to cancel the registration and receive a refund. Each US university will have their own updated testing policy regarding how they will review submitted Subject Tests in reviewing applications for admission. I advise consulting directly with the university in which you intend on applying to best understand their policy.

The optional SAT essay will continue to be offered for the March 2021 and May 2021 international testing dates. After this, the optional essay will be eliminated.

<https://www.internationaleducated.com.au/post/college-board-eliminates-sat-subject-tests-and-optional-sat-essay>

TAFE

HSC and Further Study at TAFE

Education and training can open a world of opportunities. TAFE NSW can assist you to build bridges to further study so you can reach a new future. So whether your goal is to finish your high school studies, gain entry to a career of choice, or to study for a degree at TAFE NSW or university, our courses and programs can help you. TAFE NSW courses and related support programs will boost your confidence and be an asset for life.

Digital Parents Showcase

SkillsOne has created the Digital Parents Showcase, a free 30 minute video for parents that promotes vocational education and training, industry trends, apprenticeships and traineeships and discusses post school careers options. Share with parents so they may register at :

<https://www.skillsone.com.au/digital-parents-showcase/>

COLLEGES

AIE Open Day

15 May

Discover the courses designed to get you started in game development, 3D animation and visual effects at the AIE Open Day on Sat 15th May, 2021. AIE will be running this event on campus and online.

AIE Campuses in Sydney, Adelaide and Canberra will be open for you to check out the facilities, meet our teachers and see our student work. We will also be holding a livestream of our Open Day for prospective students in Melbourne and those thinking of studying online.

We will be covering everything you need to know about the:

- careers in games and VFX that we train students for;
- studios and industries that we work with;
- courses we offer - from beginners to professional mastery, and;
- the software, skills and knowledge we teach.

AIE's Open Day will also include presentations on entry requirements and how to apply. Find out how AIE can get you into a creative career.

https://aie.edu.au/aie_event/open-day/

Aspire Institute Uni Pathways

The Aspire Institute also currently offers Diploma programs which offers successful students a pathway to a bachelor degree at UTS, UOW, Griffith, or ICMS.

<https://aspire.edu.au/>

Torrens Experience Open Days

Saturday 8th May 2021 – On Campus

Tuesday 18th May 2021 – Virtual

At Torrens University Australia, we're gearing up for our Open Days in May. Our Campus Directors and Course & Careers Advisors will be on hand to welcome you in person – and online. On-campus tours, meet-and-greets, presentations and workshops will be on offer so you can get a taste of student life and a real feel for how your learning journey could play out from wherever you are.

Saturday 8th May 2021

At Torrens University Australia, we're gearing up for Open Day 2021. Open day is your chance to get a glimpse into your future career and find out everything you need to know about your study options, fees and scholarships, campus life, and so much more. Visit one of our campuses to find out more:

FAQs for JSchool

What have people asked us most about Jschool and our approach to journalism education and training?

<https://jschool.com.au/frequently-asked-questions/>

Micro journalism unit

Senior secondary students are eligible to enrol in Jschool's new micro unit, a short online course teaching the basics of news writing. The next intake is May 2021. Further details at <https://jschool.com.au/micro/>. Secondary students may also enrol in a selection of single subjects from Jschool's Diploma of Journalism:
<https://jschool.com.au/single-subjects/>

AFTRS – Meet the Creators – From Concept to Broadcast

Television showrunners have an extraordinary job: to take a raw concept and usher it through the brains and hands of hundreds of people, to finally make a piece of entertainment for Australians. Shows can begin with a throw-away comment in a conversation, or through a format deal – but they always involve the meeting point of creativity and crazy logistics.

This edition of Meet the Creators features some of Australia's most accomplished television creatives positioned at this intersection, in conversation with MC Andrew Garrick.

Join Eureka's Rikkie Proost, Screentime's Deb Spinocchia and ITV's Majella Wiemers as they discuss bringing the biggest shows on TV to our screens, from concept to broadcast.

<https://www.aftrs.edu.au/news-and-events/events/meet-the-creators/>

Reminder: NIDA Open Day

Save the Date, Saturday 12 June 2021

This year, NIDA Open Day will take place in person as well as online, with live streamed undergraduate, postgraduate and vocational course talks, alumni panels, workshops and more! The full schedule will be announced in April, register for updates or contact NIDA on 02 9697 7600 or at info@nida.edu.au.

Ready for your tomorrow with a Diploma from Bedford College

Ready for your tomorrow with a Bedford Diploma! Bedford College offers university and career pathways for students. Bedford can provide students with guaranteed entry credit into university (with no ATAR). Request a visit from the enrolment officer info@bedford.edu.au, 1300 174 174,
<https://study.bedford.edu.au/>

Sydney Flight College Trial Flights

Do you have an interest in flying or want to try something new?

Choose from a range of training flight experiences that take you over some of the world's most breathtaking scenery with the best seat in the house.

<https://www.sfcaero.com.au/learn-to-fly/trial-flights>

GENERAL

Five Essential Steps before You Apply for an Accountancy Job

Before you put finger to keyboard to fill in a job application for a grad position at an accountancy firm, it's an excellent idea to go through the following five steps.

<https://youunlimitedanz-guide.com/applying/five-essential-steps-before-you-apply-for-an-accountancy-job>

Nursing Scholarships in Australia

Choosing to study a university degree can be one of, if not the most significant financial investment you will make. It will often determine who you will be, and the career pathway you will take. Making this decision is hard enough, than having to worry about how you will finance your nursing education. The government offers a number of ways for you to support your studies, the most common of which is a student loan. However, accumulating a massive debt, doesn't need to be the only option. Numerous institutions from around Australia offer a range of different nursing scholarships that can help you pay your tuition fees.

<http://nursingcourses.net.au/nursing-scholarships/>

Nursing Careers

Nursing is considered one of the best professions in the world. This field of employment is an extremely respectable occupation for people to work. A person can actually earn a decent income from doing this type of work. The field of nursing is just about the same all over the world. However, within the country of Australia, this occupation has some subtle differences than the U.S. and other parts of the world. The following information will explain what it is like to be nurse in the land of Australia.

- [Aged Care Nurse](#)
- [Clinical Nurse](#)
- [Emergency Nurse](#)
- [Mental Health Nurse](#)
- [Nurse Anaesthetist](#)
- [Neonatal Nurse](#)
- [Nurse Practitioner](#)
- [Paediatric Nurse](#)
- [Perioperative Nurse](#)

<http://nursingcourses.net.au/nursing-in-australia>

And wait...there's more!

- [Specialist ear nursing](#)
- [Palliative care](#)
- [Cancer nursing](#)
- [Nursing in general practice](#)

Your Free Guide to Making Your Nursing Career

Nurses can have a massive and lasting impact in the lives of those they treat. Registered nurse Laurie Bickhoff expands on that beautifully here. The scope of what people are doing with a nursing degree is expanding, and Australian College of Nursing CEO Debra Thoms speaks about nurse leadership from the ward to the boardroom.
<https://www.myhealthcareer.com.au/nursing-career/>

How do I become a Translator

There are many pathways to gain a certification to work as a translator or interpreter. Each pathway has a number of important steps you need to complete.

All pathways will require you to undertake some form of training prior to submitting an application.

The ATOM Photo Comp 2021

Closes 23 April 2021

The **ATOM Photo Comp** is an initiative of Australian Teachers of Media (ATOM). It provides Australian and New Zealand student and adult photographers with the opportunity to submit **a folio of three (3) photographs adhering to a theme**, and win fantastic prizes in the process.

The theme for the 2021 competition is **Turbulence**. Please [click here](#) for more detail about the theme.

The competition runs across five age-group categories:

- Lower Primary (Years F–3)
- Upper Primary (Years 4–6)
- Lower Secondary (Years 7–9)
- Upper Secondary (Years 10–12)
- Open

Prizes for winners of each of the five age-group categories include Ted's Cameras gift vouchers valued at \$500 for the primary categories, \$750 for the secondary categories and \$1000 for Open.

Australian Mathematics Competition 2021

Wednesday 4 August – Friday 6 August

Australian entries close: 30 July (online), 25 June (paper)

International entries close: 30 July (online), 25 June (paper)

Cost: \$6.50 (Aust & NZ)

In a rapidly changing world, we simply don't know what the problems of the future will be yet, but we do know there are going to be lots of them. So it's important that we develop the capacity of our students across Australia to reach their full potential when it comes to solving them. Problem solving is a life skill and by developing this skill, students can create more choices for themselves and their future.

Our vision is to develop a nation of creative problem solvers, and we believe maths is the most effective way to get students there. Maths isn't just about times tables and formulae. It's about the process of finding creative solutions to problems. Maths develops resilience, persistence, confidence, and creative thinking in students.

Jobs List - Defence Work Experience

The Defence Work Experience Program provides young Australians interested in Defence as a future career, the opportunity to sample life in Defence and learn more about the Australian Defence Force (ADF) and the Australian Public Service (APS).

For queries about the Defence Work Experience Program please email
Defence.WorkExperienceProgram@defence.gov.au

For more information on the Defence Work Experience Program and how to apply, [click here](#).

The Defence Work Experience Program is pleased to advise that we are undertaking planning for activities to take place in 2021. As placements are planned and confirmed, they will be advertised through the "Placements" tab. We encourage you to check our website regularly.

A body of work has been completed to ensure that future placements are planned with participant and Defence personnel safety in mind. For more information on Defence's response to COVID-19 visit the Defence COVID-19 website <https://news.defence.gov.au/national/daily-update-defence-response-covid-19> for the most updated information.

Enter Sleek Geeks Eureka Prize Competition - A Science Video Competition for School Students

Entries close 7pm AEST Friday 28 May 2021

The University of Sydney Sleek Geeks Science Eureka Prize is offered to primary and high school students nationally. If you have a passion for science and for communicating ideas, then enter this competition by telling a scientific story via a short video piece. We're looking for the next generation of amazing science communicators, such as [Dr Karl](#) and [Adam Spencer](#).

Entrants are able to commence working on their films. The online entry system will open on Wednesday 24 March. Please email eureka@australian.museum with any questions.

For more information about the University of Sydney Sleek Geeks Science Eureka Prize, including entry conditions and tips and tricks from past winners, please visit the [Australian Museum](#) website.

Produce a film based on the **2021 theme, 'big'**.

Films must be **2 minutes** in duration and no longer.

Judges will make their selection based on the assessment criteria. [Learn about the 2021 assessment criteria](#).

Films must focus on a scientific concept, discovery, invention or your own scientific hypothesis - anything goes, but keep the science in the story, and keep the science real!

There is a prize pool of \$10,000 to be shared between the winning student/s and their schools.

Additional non-cash prizes to be announced in 2021.
