My Freight Career Trainees Aphrodite and Chloe — watch their stories at mymv.org

Make Your Move

We live in a small, interconnected world. Almost everything we buy either comes from overseas or is made with products and equipment from somewhere else. In the same way, Australian products and raw materials are used all over the world.

There's an army of people working behind-the-scenes in the International Trade, Transport and Logistics industry to keep the world moving. *Make Your Move* and help make it happen.
