

JobJump Careers News Subject Bulletin

18 June 2020

**IMPORTANT MESSAGE TO HEAD TEACHERS and ALL STAFF
and to Parents,**

It may only take one piece of news to lead a student towards success in their life's career.

If you know students enjoy your subject, this is a great way to assist them, so please encourage them to take part in those events mentioned below in your Subject Area. Find below a listing of special careers news that have also been emailed out to many of our students and their parents.

SPECIAL MESSAGE REGARDING EVENTS LISTED AND COVID-19

Events listed are presented as reported from the home website at the time of collection from the news source. We strongly advise you check directly with the event organisers regarding the delivery of the event due to current restrictions.

HSC SUBJECT KLA / FACULTIES

CAPA

Dance, Drama, Music, Visual Arts

AFTT HSC Feedback Sessions

- **Monday 6th July - Friday 10th July:** 9am to 5pm (during school holidays)
- **Monday 13th July onwards:** Available between 9am and 7pm

AFTT is proud to present the HSC Drama Feedback Sessions, the first acting program of this kind. HSC Drama students are encouraged to book a time with industry professionals to go through their HSC Drama Project (monologue).

This course is ideal for year 12 drama students who are lacking confidence in their project, who want to excel in their final assessment and/or are open to workshopping new ideas and suggestions from an expert in the field.

Sessions are held on Campus at AFTT (41 Holt Street, Surry Hills). For regional, interstate, or students effected by the COVID-19 restrictions, ZOOM sessions can also be arranged instead of on-campus.

45 minute bookings for a feedback session are being held from:

<https://www.aftt.edu.au/events/short-courses/hsc-drama-open-feedback-session>

SAE Master Class- Music and Industry

2 July. 4pm to 6pm

Session 1: Careers & Industry - In the first of three online masterclasses, mix engineer, Dylan Ely, will cover the music industry and audio engineering basics.

Jay-Z, Justin Bieber and Gwen Stefani are just some of the names that mix engineer Dylan Ely has worked with over his 24 years in the music industry. In this first-ever three-part online Masterclass, Dylan breaks down his technical process for mixing, signal flow, tour production and programming.

<https://sae.edu.au/news-and-events/events/dylan-ely-masterclass-series-session-1/?date=2020-07-02&id=1661>

ISCD Interior Design Online Short Courses

These short courses are for anyone interested in the world of design. Each one is aimed at giving you the basic foundation knowledge and skills in the specialised areas. Developed with our industry partners to ensure the most relevant content for you to have the best introduction into your chosen subject.

AFTRS Past Talks with Leaders in the Film Industry – Live Stream and Free

Talks @ AFTRS is a series of free, live-streamed events for the screen and broadcast industry. Each Tuesday lunchtime, we'll be hosting an inspiring chat with industry luminaries, who will talk about their current projects, careers, and inspirations. We'll focus on creativity and great storytelling. The sessions will be moderated by top industry professionals, including some of AFTRS' finest, and you'll be able to submit your questions in realtime.

<https://www.aftrs.edu.au/news-and-events/events/talks-aftrs/>

AFTRS Emerging, Gifted and X (EGX)

2 July

Emerging, Gifted and X (EGX) is a fortnightly series of free, 30-minute discussions with some of the most exceptional and talented screen creatives, who come from diverse backgrounds Diversity to AFTRS means a screen community and culture that is representative of all Australians, including those from non-Anglo-Celtic cultural backgrounds, people with a disability, diverse gender and sexual orientation, and those with geographic and other socioeconomic disadvantages.

Featuring - Violeta Ayala and AFTRS's Alejandra Canales discuss the documentary form, especially in Latin America and within the Latin diaspora. They explore the responsibility of diasporic filmmakers, creating work in multiple countries, and presenting authentic work that doesn't skid into sensationalism or a singular narrative for communities they collaborate with.

<https://www.aftrs.edu.au/news-and-events/events/emerging-gifted-and-x-egx/>

AFTRS Teens Workshops

For high school students are the perfect way to develop your skills and meet other aspiring creatives.

We run a variety of courses in each of the four school holidays. Our workshops are taught by industry professionals using industry standard equipment and, where appropriate, are held in AFTRS' state-of-the-art film, TV and radio studios.

With a constantly evolving pathway of courses in filmmaking, digital animation, screenwriting and radio, you can explore and deepen your creative skills set.

Also look out for our Introductory Short Courses for 16 yrs + including Intro to Directing, Documentary, Screenwriting, Producing and Production Design which are great introductions to the disciplines. For further information contact shortcourses@aftrs.edu.au or call 1300 223 877.

Oceans of Poetry - Write A Verse

Closes 31 July

Write a poem about **THE OCEAN**: it could be a discovery under the waves; a form of ocean life you find interesting; anything that's Ocean-related.

By the time National Science Week begins the Science Rhymes website will display a collection of your rhyming verse poems about THE OCEAN and related science discoveries that have captured our imagination.

Your poem may answer questions, such as, why it is dangerous for humans to travel deep into the ocean? What living things down there fascinate you? How can we better use and appreciate the Ocean's resources, or simply enjoy its allure and beauty?

The Science Rhymes website has a free PDF download to help you on your way.

Poems are to be submitted by email to feedback@sciencerrhymes.com.au. Include your **poem title & your name**, plus your town, school name and an adult name & email address (where appropriate). Email your submissions of 1 to 8 verses by Friday 31 July. Published poems by children will be acknowledged by first name only (and school name where appropriate).

UON - School Holiday Workshop - Music, VR and Paper

15 July. 9am to 5pm

The Conservatorium of Music, Corner of Auckland and Laman Streets, Newcastle, Australia

If you're interested in either music, technology and designing planes and are in Years 7,8 or 9, this one-day workshop is for you! Held at the Conservatorium of Music, this school holiday program will feature a jam packed schedule of exciting and innovative workshop activities led by the University of Newcastle's School of Creative Industries lecturers. You will:

- Learn how to produce your own music for social media
- Explore the world of Virtual Reality and learn how to record a video in 360
- Learn the various design methods of making planes

The end result will be a fun and playful 360 VR recording, which students, family and friends will be able to view in VR after the workshop.

ANSTO Big Ideas Science Competition

Entries close – September 20th 2020

Hey Science buffs – Tell your teacher about this one! We are looking for teams of 2 students who are creative and passionate – you don't have to be top of your class. Young people using STEM are the ones who will take our society into the future, so present the work of an Australian scientist who inspires you and come up with an innovative Big Idea for a chance to win an awesome Science Experience at the Australian Synchrotron in Clayton (Y7-9) or at the ANSTO campus in Sydney (Y10). Prize includes flights, travel, accommodation, and meals for your team and teacher.

<https://www.ansto.gov.au/big-ideas-2020>

The UNSW Co-op Scholarship Program Insights Session

Wednesday, 24 June. 6:30pm - 7pm

The UNSW Co-op Program offers students unique opportunities to learn and grow. Co-op scholars experience their chosen career through a series of REAL Industry Training (IT) placements and networking events over the course of their degree, with a scholarship of \$19,600 p.a. for four years*, but that's just the tip of the iceberg. From leadership training and professional development opportunities, to alumni mentoring and a strong professional and social network, the Co-op Program is so much more than just financial support. Join us to find out if Co-op's unparalleled opportunities are right for you.

*Some Engineering and Science Co-op Programs are 5 years. Scholars in these streams may apply for a potential 5th year Honours scholarship.

We'll be in touch on the day of each event to share the livestream link and instructions for how to participate.

We look forward to connecting with you!

<https://www.eventbrite.com.au/e/unsw-undergraduate-info-and-insights-week-registration-105742474588?aff=UNSWEvents>

In brief the Co-op Scholarship provides:

- Industry training
- Leadership and professional development
- Networking opportunities
- Mentoring
- Financial support (\$19,600 p.a. tax free for four years).

Co-op connects you with Sponsors in the Private and Public sector, some of the world's largest brands, technology giants, financial heavyweights, cutting edge start-ups, sustainability leaders, and key government agencies. Up to 18 months of relevant industry experience with multiple companies during your degree – invaluable insight into the real world of work in your chosen profession. Leadership and professional development training through challenging, practical and social camps and interactive workshops. Enhance your skills in leadership, teamwork and communication, develop your ability to transition and operate effectively in the workplace. Mentoring and support throughout the program. A large support network assists your transition to university and enhances your academic and career pursuits. Co-op Alumni partners help you make the most of your first industry placement.

Lovers of All Things Science – Hold onto Your Seats – SCINEMA is here !

Enthral your secondary students and primary students. SCINEMA is the largest science film festival in the southern hemisphere showcasing the best in science cinema from around the world. It's a celebration of the power of the moving image to inspire the young, satisfy the curious, explain the baffling and ask the impossible. Sign up to watch this year's selection of SCINEMA films for FREE during August in support of National Science Week.

Whether you're watching at home, in schools, or at a local venue, all you need is a screen, computer and access to the internet - with more films than ever before, you can turn every night into movie night!

Register online now or email to arrange to host your own screening.

<https://scinema.australiascience.tv/communityscreening/>

ConocoPhillips Science Experience

UTS Postponed to January 2021 – Apply by 20 December 2020

Uni New England 12 to 14 January 2021- Apply by 20 December 2020

Uni of Sydney 13 to 15 January 2021- Apply by 1 December 2020

Macquarie Uni 18 to 20 January 2021 - Apply by 10 December 2020

The ConocoPhillips Science Experience is a fun 3 or 4 days of science activities for Year 9 and 10 students in 2020 program year. Each program is designed to provide students who have an interest in science with an opportunity to engage in a wide range of fascinating science activities under the guidance of scientists who love their work.

The program takes place in over thirty-five universities and tertiary institutions, within many different laboratories and lecture theatres. Participants perform experiments in the laboratories, meet and hear senior lecturers in the lecture theatres, attend site visits and walk around and experience what it is like to be on the campus of a university or tertiary institution. More than 68,000 students have taken this rare opportunity.

Your Free Guide to a Career in Dietetics

We asked two dietitians what they love about their job. Sally Marchini said that it is helping people to understand their health concerns and improve their life, and Josh Reed said that it's motivating and empowering people and learning how to improve his own health.

There is plenty of variety in the university course, which includes statistics, psychology, physiology, biochemistry, nutrition sciences, food science as well as being competent in the three main areas of dietetics – clinical, food service management and community dietetics. This gives a range of potential career paths with a dietetics degree <https://www.myhealthcareer.com.au/dietetics-career/>

Reminder UNSW LIVESTREAM Experience Engineering

30 June. 4pm

Experience the innovative and creative ways that engineers solve real-world challenges at our online Experience UNSW Engineering event!

We invite high school students in Years 10 - 12 to join us to get a taste of the variety of engineering disciplines and careers available to you.

You'll get a chance to choose a session that matches your interest, have your questions answered, hear from current students and find out more about degrees and exciting opportunities on offer at one of Australia's leading universities.

<https://www.events.unsw.edu.au/event/livestream-experience-unsw-engineering>

Reminder - UNSW LIVESTREAM Experience Science

1 July. 4pm

Have you ever wanted to experience what it would be like as a university student conducting research and experiments in a lab or in the field?

Let us take you on a journey through some of the branches of science that you can study at UNSW. You'll have the opportunity to ask questions and speak to our academic staff and current students.

Then, get a hands-on taste of what you can expect as a first-year science student - without leaving home! Your home will become the laboratory as our first year science lecturers take you through a university-level experiment using household items.

This event is designed for students in Yr 10, 11, 12, who are keen to find out what it's like to study at UNSW .

<https://www.events.unsw.edu.au/event/experience-unsw-science-day-1>

ANU - Student experience webinars: science, health and medicine

23, 24, 25 June. 5pm

Be a part of an informative webinar series hosted by the ANU College of Science and the ANU College of Health & Medicine as we speak to current students studying different disciplines. Each webinar will focus on a different area of study, and the experiences of students studying in those fields.

<https://www.anu.edu.au/events/student-experience-webinars-science-health-and-medicine-1>

ANU - Student experience webinars Environment

23 June

Join us for a Student Experience webinar about what it is like to study Environment, Forestry, Agricultural Innovation and Environmental Sciences at ANU.

Hear from current students Md Kamruzzaman and Hongzhang Xu about their experiences and ask them any questions you may have.

<https://science.anu.edu.au/news-events/events/environment-student-experience-webinar>

ANU - Psychology Student experience webinars

24 June. 5pm

Join us for a Student Experience webinar about what it is like to study Clinical Psychology and Professional Psychology at ANU.

Hear from our current students Yushi Wang and Samuel Moorby about their experiences and ask them any questions you may have.

<https://science.anu.edu.au/news-events/events/psychology-student-experience-webinar>

ANU - Earth Sciences Student experience webinars

25 June. 5pm

Join us for a Student Experience webinar about what it is like to study Earth Sciences at ANU.

Hear from current students, Emily Oborski and Baoyi Huang about their experiences and ask them any questions you may have.

<https://science.anu.edu.au/news-events/events/earth-sciences-student-experience-webinar>

UTS Girls in STEM Day

15 September

For girls Years 9 to 12.

This one day event provides an opportunity for female students to participate in a range of hands-on activities plus they get an inside look at life as a female student/professional in STEM. Visit the [Women in Engineering and IT](#) website for more details. Held by the UTS Faculties of Engineering & IT, Science and Transdisciplinary Innovation.

<https://www.uts.edu.au/about/faculty-engineering-and-information-technology/what-we-do/outreach-and-community/schools-outreach>

UTS STEM Day

19 November

Take part in hands-on workshops, talks and panel discussions with people in STEM industries. Learn all about study and career options in STEM. This program is free and is for students in years 9–12. Held by the UTS Faculties of Engineering and IT, Science, Transdisciplinary Innovation, Arts and Social Sciences.

Please register your interest for our STEM Day:

- For Teachers
- For Students and Parents.

The UNSW Co-op Program offers students unique opportunities to learn and grow. Co-op scholars experience their chosen career through a series of REAL Industry Training (IT) placements and networking events over the course of their degree, with a scholarship of \$19,600 p.a. for four years*, but that's just the tip of the iceberg. From leadership training and professional development opportunities, to alumni mentoring and a strong professional and social network, the Co-op Program is so much more than just financial support. Join us to find out if Co-op's unparalleled opportunities are right for you.

*Some Engineering and Science Co-op Programs are 5 years. Scholars in these streams may apply for a potential 5th year Honours scholarship.

We'll be in touch on the day of each event to share the livestream link and instructions for how to participate.

<https://www.eventbrite.com.au/e/unsw-undergraduate-info-and-insights-week-registration-105742474588?aff=UNSWEvents>

In brief the Co-op Scholarship provides:

- Industry training
- Leadership and professional development
- Networking opportunities
- Mentoring
- Financial support (\$19,600 p.a tax free for four2 years).

Co-op connects you with Sponsors in the Private and Public sector, some of the world's largest brands, technology giants, financial heavyweights, cutting edge start-ups, sustainability leaders, and key government agencies. Up to 18 months of relevant industry experience with multiple companies during your degree – invaluable insight into the real world of work in your chosen profession. Leadership and professional development training through challenging, practical and social camps and interactive workshops. Enhance your skills in leadership, teamwork and communication, develop your ability to transition and operate effectively in the workplace. Mentoring and support throughout the program. A large support network assists your transition to university and enhances your academic and career pursuits. Co-op Alumni partners help you make the most of your first industry placement.

VET COURSES

Guide for Apprentices and Trainees

This guide, from Training Services NSW at the Department of Industry, welcomes your students into their apprenticeships and traineeships. Becoming an apprentice or trainee is a proven way for your students to get the skills and connections they need and this guide will help them (and you) to make the most of their exciting journey.

https://www.training.nsw.gov.au/forms_documents/apprenticeships_traineeships/thriving_in_your_apprenticeship_and_traineeship.pdf

Apprenticeships—Five Proven Strategies to Help Your Students Get One

A VET apprenticeship has so much to offer—in NSW apprenticeship training is fee-free, apprentices earn while they learn and they're on a proven pathway to well-paid jobs. When your students decide an apprenticeship is right for them, they'll need a plan to help them to get the one they really want. Five NSW apprentices share their stories and to give their advice on how your students can win an apprenticeship at:

<http://bit.ly/2HXlg6l>

2020 Apprenticeship & Traineeship Expos

Northern Sydney – Tuesday 11 August – 3pm to 8pm – [The Concourse](#)

Illawarra – Tuesday 18 August – 3pm to 8pm – [Illawarra Sports Stadium](#)

South Western Sydney/Macarthur – Tuesday 25 August – 3pm to 8pm – [Liverpool Catholic Club](#)

Central Coast – Tuesday 1 September – 3pm to 8pm – [Mingara Recreation Club](#)

Western Sydney – Tuesday 8 September – 3pm to 8pm – [Penrith Valley Regional Sports Centre](#)

With the infrastructure boom we are experiencing, the future need for apprentices, trainees and skilled workers has never before been in such high demand.

Following on from the success year after year of our Apprenticeship & Traineeship Expos, the time has come to take the model to other parts of our great city and provide our career/job seekers, business and industry, education providers and employers with the opportunities to all come together under the one roof and begin the journey of making the plans for our cities growth a reality.

AFTT HSC Feedback Sessions

- **Monday 6th July - Friday 10th July:** 9am to 5pm (during school holidays)
- **Monday 13th July onwards:** Available between 9am and 7pm

AFTT is proud to present the HSC Drama Feedback Sessions, the first acting program of this kind. HSC Drama students are encouraged to book a time with industry professionals to go through their HSC Drama Project (monologue).

This course is ideal for year 12 drama students who are lacking confidence in their project, who want to excel in their final assessment and/or are open to workshopping new ideas and suggestions from an expert in the field.

Sessions are held on Campus at AFTT (41 Holt Street, Surry Hills). For regional, interstate, or students effected by the COVID-19 restrictions, ZOOM sessions can also be arranged instead of on-campus.

45 minute bookings for a feedback session are being held from:

<https://www.aftt.edu.au/events/short-courses/hsc-drama-open-feedback-session>

SAE Master Class- Music and Industry

2 July. 4pm to 6pm

Session 1: Careers & Industry - In the first of three online masterclasses, mix engineer, Dylan Ely, will cover the music industry and audio engineering basics.

Jay-Z, Justin Bieber and Gwen Stefani are just some of the names that mix engineer Dylan Ely has worked with over his 24 years in the music industry. In this first-ever three-part online Masterclass, Dylan breaks down his technical process for mixing, signal flow, tour production and programming.

AFTRS Past Talks with Leaders in the Film Industry – Live Stream and Free

Talks @ AFTRS is a series of free, live-streamed events for the screen and broadcast industry. Each Tuesday lunchtime, we'll be hosting an inspiring chat with industry luminaries, who will talk about their current projects, careers, and inspirations. We'll focus on creativity and great storytelling. The sessions will be moderated by top industry professionals, including some of AFTRS' finest, and you'll be able to submit your questions in realtime.

<https://www.aftrs.edu.au/news-and-events/events/talks-aftrs/>

AFTRS Emerging, Gifted and X (EGX)

2 July

Emerging, Gifted and X (EGX) is a fortnightly series of free, 30-minute discussions with some of the most exceptional and talented screen creatives, who come from diverse backgrounds Diversity to AFTRS means a screen community and culture that is representative of all Australians, including those from non-Anglo-Celtic cultural backgrounds, people with a disability, diverse gender and sexual orientation, and those with geographic and other socioeconomic disadvantages.

Fearturning - Violeta Ayala and AFTRS's Alejandra Canales discuss the documentary form, especially in Latin America and within the Latin diaspora. They explore the responsibility of diasporic filmmakers, creating work in multiple countries, and presenting authentic work that doesn't skid into sensationalism or a singular narrative for communities they collaborate with.

<https://www.aftrs.edu.au/news-and-events/events/emerging-gifted-and-x-egx/>

AFTRS Teens Workshops

For high school students are the perfect way to develop your skills and meet other aspiring creatives.

We run a variety of courses in each of the four school holidays. Our workshops are taught by industry professionals using industry standard equipment, where appropriate, are held in AFTRS' state-of-the-art film, TV and radio studios. With a constantly evolving pathway of courses in filmmaking, digital animation, screenwriting and radio, you can explore and deepen your creative skills set.

Also look out for our Introductory Short Courses for 16 yrs + including Intro to Directing, Documentary, Screenwriting, Producing and Production Design which are great introductions to the disciplines. For further information contact shortcourses@aftrs.edu.au or call 1300 223 877.

UON - School Holiday Workshop - Music, VR and Paper

15 July. 9am to 5pm

The Conservatorium of Music, Corner of Auckland and Laman Streets, Newcastle, Australia

If you're interested in either music, technology and designing planes and are in Years 7,8 or 9, this one-day workshop is for you! Held at the Conservatorium of Music, this school holiday program will feature a jam packed schedule of exciting and innovative workshop activities led by the University of Newcastle's School of Creative Industries lecturers. You will:

- Learn how to produce your own music for social media
- Explore the world of Virtual Reality and learn how to record a video in 360

The end result will be a fun and playful 360 VR recording, which students, family and friends will be able to view in VR after the workshop.
